- Libraries & More: React, jQuery, JSON, AJAX, Node.js

Projects

Pic'd Up (In Progress) | Live Demo: <https://evening-refuge-82542.herokuapp.com/>

- Repo: <https://github.com/Ronan-Codes/Project-3.git>
- Pic'd Up is a portfolio hosting site specifically made for photographers. The simple and clean design makes it easy for photographers to showcase their work and even easier for clients to search for a photographer they need.

Self-Care | Live Demo: <https://ronan-codes-self-care.herokuapp.com/>

- Repo: github.com/Ronan-Codes/self-care.git |
- Self-Care is a simple and convenient journaling app. It utilizes a third-party datepicker app (Zebra Datepicker) to seamlessly keep record of daily journal entries.

DateNite | Live Demo: <https://justpuzey.github.io/DateNite/>

- Repo: <https://github.com/Ronan-Codes/DateNite.git>
- DateNite simplifies the process of deciding what to do for date night. Simply provide a primary ingredient, and DateNite provides easy-to-make recipes for your ideal date night, dine-in meal and cocktail.
